

NEW RANGE OF CITB COURSES AVAILABLE FROM 4SEE

In January, 4See released an update advising all of the changes the Construction Industry Training Board (CITB) were making to their suite of training courses for the construction industry.

The additional courses include:

1 day Health and Safety Awareness which is aimed at operatives starting their career in construction.

2 day Site Supervisors Safety Training Scheme aimed at first line managers or those just entering a supervisory position.

We are pleased to announce that 4See is now fully accredited to deliver these new courses and to reflect the current demand for these more specific courses, have added the following dates to our schedule of Open Training Courses:

Health and Safety Awareness: 1 Day

26 July	London
04 September	Milton Keynes
13 November	London

Cost: £160.00 per delegate (including all documentation and registration costs)

Site Supervisors Safety Training Scheme: 2 Day

31 July and 01 August	Milton Keynes
01 and 02 October	London
12 and 13 December	Milton Keynes

Cost: £300.00 per delegate (including all documentation and registration costs)

All of the above courses can also be delivered on an "in-house" basis.

Further details on each of these courses can be found on the CITB website:
